Hi Mr. Flores -

I'm sorry I missed your calls yesterday. You inadvertently left me the attached voicemail, which sounds like a privileged conversation about this tract and my representation of Mr. Luera. Please let me know how you would like me to handle this information.

Peter

Peter,

I spoke with Erin today and she indicated to me that she was not aware of anyone going into Tract RGV-RGC-1007. Like me, she was not able to open the Stakes pictures. We were finally able to convert them to JPEG files and I sent them to her. Erin will look into this matter further.

R,
Joe

Subject: [EXTERNAL] Re: [EXTERNAL EMAIL] IN RE: TRACT NO. RGV-RGC-1007

Hi Mr. Flores -

Last night Mr. Luera texted me the photos attached here. I believe they show that DHS officials have already entered his property in connection with the most recent proposed border barrier construction in Starr County.

As I explained by phone earlier this week, in 20-cv-425 Mr. Luera proved sole ownership of the property within his fence by adverse possession. The attached document called 20-cv-425 tract shows an aerial view of tract that Mr. Luera owns.

DHS's most recent ROE request describes a different tract than the tract at issue in 20-cv-425. I've attached the diagram included with DHS's most recent ROE. Mr. Luera is the sole owner of the property described by RGC-1007 and property immediately to the east of that tract. The photos are of stakes and markers inside of Mr. Luera's fence just east of RGC-1007.

Can you please confirm that DHS officials will immediately stop entering Mr. Luera's property without an agreement or court order permitting their entry? I hope to receive your response no later than 5:00 PM CST, Monday, November 6, 2023.

Unfortunately, Mr. Luera will not agree to any other entries onto his property. He rejects DHS's ROE.

You can reach me directly at (956) 982-5543 with any questions.

Peter
